

## **INFOTEL Jaffna -Re Awakening With ICT**

We are pleased to announce that plans are underway to conduct INFOTEL Jaffna -Reawakening with ICT Exhibition and Career Guidance program.

INFOTEL is the flagship ICT exhibition of the country and Objective of regional exhibition is to promote ICT in to grass root level. INFOTEL Jaffna has a special significance as people of North are preparing to a new chapter of development and INFOTEL society believes that ICT can play significant role in reawakening of north and east..

The objective of this event is to create ICT awareness of the new developments in technology, its applications, opportunities for business and Careers opportunities in ICT among the students and the general public,. An associated Career Guidance Seminar for career seekers, tertiary & secondary school students in the province too will be conducted.

The exhibition provides an opportunity for advertising and promoting products and services in the northern market.
